Greetings: Judge Paul M. Fogley. I'll honor your proceedings by way of special appearance in a non-representative capacity for the purposes of correcting mistakes so as to facilitate settlement and closure on behalf of the defendant. Respective to the aforementioned, I require the mistakes on the record, outstanding jurisdictional issues, accounting, and "other" to be, addressed, clarified, verified, and/or corrected **prior to any trial** so as not to disadvantage either of the parties. Any the aforementioned denied and/or left standing will serve as grounds for appeal and/or removal into another court and/or show of cause for tort claim. Initially, I seek the following clarifications regarding this matter termed Proof of Claims to be placed On and For the record as proof that:

1. elam, rashard, merchelle has right to make record in the matter on behalf of the defendant;
2. existing mistakes on the record have been addressed and corrected before proceeding towards a trial
3. the prosecution has properly bonded the case;
4. rather than having administratively placed the fabricated liability responsibility of bonding the case upon the defendant, by way of color of law activity via a prosecutorial and judicial collaboration, employing the use of word trickery during an arraignment in order to

transform the defendant liable for said bonding [title 18 violation], the prosecution has used the burden of properly bonding the case itself.

5. the prosecution brings charges that rise from defendant's breach of duty/obligation to "general law" enacted into law "by bill" via the legislature as per the Enacting Clause in the Constitution of the Commonwealth of Pennsylvania, Article III, Section 1 (contract) "OR" the prosecution brings charges that rise from defendant's breach of duty/obligation to "special law" private contract between the parties that existed prior to any allegations of any breach of duty/obligation to said **contract** between the plaintiff and defendant,

As per the Constitution of the Commonwealth of Pennsylvania: "The Legislature shall have the power to pass laws."

No law shall be passed except by bill, and no bill shall be so altered or amended, on its passage through either House, as to change its original purpose.

6. the elements of a valid contract have been established prior to the allegations of any violations/charges made thereat:

- *If jurisdiction did not lie prior to the alleged violation, it cannot be attached thereafter.*
- *Jurisdiction fabricated administratively, after the fact, is an imposition of color of law under 18 USC 241.*
- *Law that was not done, did commit a crime, but is not voluntary veritable.*

7. there exists a verified complaint sworn or affirmed under penalty of perjury by a plaintiff that is a real party in interest "OR" there exists an unverified complaint brought by an attorney bringing an action suit against the estate of a living man on behalf a corporate LMS LLCs while holding said living man hostage as surety/thunder (FRCP 12 (b)(6));

6. a valid claim, arising from a valid contract (law: general or special), for which relief can be granted does exist;
7. as a prosecutor has no evidence and is thereby not competent to testify, the prosecutor must allege and prove with witnesses, in personam jurisdiction, subject matter jurisdiction, and territorial jurisdiction;

- *Note: When a judge contributes or interferes with the plaintiff's requirement to allege and prove jurisdiction on the record, said judge is in violation of the Separation Of Powers Doctrine (see Chief Justice v. United States 118 U.S. 363-371 (1942)).*

10. the full disclosure of identity, status, and standing of all parties so as to disadvantage none;
8. that RASHAAN M. ELAM (and derivations and/or variations thereof) and RASHAAN ELAM (and derivations and/or variations thereof) as being a F.R. (also known as) as/for same are clarified, correct, and in accordance with the evidence there-to [identify theft];
9. the prosecution presents evidence that elam, rashaan, mechelle, will be able confront his accuser, not being the plaintiff, and not a third party "acting" as complainant and/or in place thereof (FRECP 12 (b)(6));
10. this is a court of competent jurisdiction that can hear law and rational, above and beyond mere contract administration;
11. this is an Article III Court in which Article III Judge is presiding "OFF" this is an Article I court of contract that has NO jurisdiction over a living man
 - *Not even the content of a contract, party, or case, is an Article I Court that equals to be a matter that exceeds the judicial powers given for the same.*
 - *An Article I Court cannot hear a living man.*
15. elam, rashaan, mechelle, a living woman, is being held in physical and/or constructive custody as surety for RASHAAN M. ELAM (the estate being probated in this matter by an Article III Court in which an Article III Judge is presiding "OFF" the living woman elam, rashaan, mechelle is being held in physical and/or constructive custody as surety for RASHAAN M. ELAM, the estate being probated in this matter by an Article I Court in which an Article I Judge is presiding;
12. should the matter proceeds to a trial, that said trial will be a "Trial by Jury" and not a "JURY TRIAL";

13. documents and evidence filed into record are eligible to become evidences that is recognized "On and For" the record and thereby applicable to courtroom proceedings;
14. the evidence put into record for the defendant on behalf of elam, rashaan, mechelle stands as fact if not rebutted by competent witness testimony;
15. the evidence put into record regarding the "contract" that RASHAAN M. ELAM has with the UNITED STATES (Title 50 § 4505 (b) (2) is adhered to under UNITED STATES law as per elam, rashaan, mechelle's deposit having been made to for UNITED STATES;
16. the prosecution has presented evidence, and not just made claim, that elam, rashaan, mechelle is a 14th Amendment citizen;
17. the instruments being relied upon to move the matter against the defendant are proven to be true, correct, and valid;
18. that the detective's Declaration of Warrant/Summons is proven to be true and correct and/or does not contain perjured statements;
19. the procedures executed to move the matter administratively have not, do not, and will not harm, trespass upon, and/or violate the inalienable rights of the living man known as RASHAAN M. ELAM (and derivations and variations thereof) and/or the civil rights of the defendant known as RASHAAN M. ELAM (and derivations and variations thereof);
20. that inalienable rights of elam, rashaan, mechelle are recognized, understood, and given proper standing so as not be infringed upon during the attempt, known as case number MJ-09201-CR-000039-2018, that being made to probate the elam, rashaan, mechelle estate;
21. the court's actions are consistent with N.R.S. 1.020 and 1.030, whereby the matter is being administrated in accordance therewith;
22. the venue, respective to elam, rashaan, mechelle, in which the matter is being administered and/or tried is local "OR" foreign.

23. The fraudulent process is as follows. All cases are civil, though often fraudulently called criminal. The courts are operating under trust law, assuring the 'Defendant' is a decedent. After finding the alleged 'Defendant' guilty, the court clerk sell the judgments to the Federal Courts. Since the Defendant is a decedent, the court officials consider themselves as a beneficiary.

24. When a judge asks if a person understands, he says, "asking if the person is liable for the bond. I am not responsible for the bond in this/these cases, but I will appoint the judge as Trustee-Fiduciary and be the beneficiary of all proceeds."

25. The judgments are stamped with something in the effect of "Pay To The Clerk Of..." on the back and taken to the federal discount window. The judgment now becomes a 'note'.

26. The United States Attorney's Office has a put code number, NAICS (North American Identification Security Classification). Said NAICS number enables the United States Attorney's Office to trade globally all securities.

27. All US federal courts are registered with the DOD (Department of Defense), where they are registered with CCR (Contractor's Central Registration) under the DOD, which has another department called DDIS (Defense Logistics Information Service), which issues a page code, which means a commercial and government entity, which everything corresponds with their bank account.

28. All 'criminal' cases not heard in an Article 3 court (District Court of the United States) are really civil, however, the courts again commit fraud by labeling the case as criminal. All cases which are put in civil or have a 'guilty' conviction label the civil defendant (through unlawful conversion) as felons, when they are not. This is fraud upon the people at large, and certainly fraud upon the alleged 'Defendants'.

29. All of the lawyers involved are acting as private debt collectors according to the EDCPA (Title 15 §1692). The BAR Association exempts them from having to be registered as such, however, they operate through call warrants, which are like a put, or a call. Doing margin calls is where

they convert a case through (similar to a Will of Execution) use the case number to buy equity securities

30. Anytime when there is risk management involved it is for the securities. This is an underwriting company. When the hedge funds are going into the global market, they go through Euro Hermes, a bond holder and underwriting company and subdivision of Allianz AG of Munich, Germany (Pimco Bonds)

31. The court judgments are deposited with the IMF. Since this case obviously involves me, I have a drawing right to all proceeds. See USC §§ 205 and § 206. The court judgments are monopolized according to Title 16, which is a violation of anti-trust laws, and also unfair trade practices

32. Instruments are True Bills, meaning they are negotiable instruments. The District Attorney failed to give me a 1099 OID showing me as the recipient of the funds, which is a fraud upon me. In my case, I have not been indicted, but still request a 1099 OID, unless the court wishes to close this account

33. The unlawful funds, through fraud and deception, are deposited in the Federal Reserve Bank of New York and they have not paid the tax on this income. According to the IRC, this is a §7201 of Title 26 violation (willful failure to tax with the intent to evade the tax)

34. According to the IRS §6009 Decoding Manual and the ADP (Automated Data Processing Manual), all 1099's are Class E gift and estate taxes. I am asking for a 1099 OID in this case, as I am not willing to gift you the proceeds. I am hereby asking for the proceeds in their entirety, including interest

35. According to Title 26 §602 & §7701, companies, corporations, and associations and trusts are all decedents. This means my all capital letter name is a corporation.

36. That the Judge has a Type A Commission is required by Title 16, paragraph 1, which is a 'Letter of Marquis' and they are still being exempt. Do you have a Letter of Marquis under the King's Bench, which is a special commission to collect revenue?
